

ORDER FORM

We have designed these assessments to assist schools in making accurate judgements.

There are two full examinations and two half-length examinations containing all units, which can be edited to suit individual schools. Each exam meets the requirements of the SQA in breadth, depth and challenge and comes with an overview document of the content and difficulty.

Order our full assessment pack and you will also receive an excel tracking spreadsheet to input results. This will automatically generate working grades and rank orders as well as class averages, etc. Analysis sheets for each pupil can also be generated from the document, providing results and a list of strengths and development areas for next steps.

NB: These assessments are for school use only and may only be procured for school internal assessments only. They must be kept secure for the duration of the academic year 2020-2021.

Materials	Price	Code	Number of units
Class Assesments A and B	£30	ZMCA	
Single Examination A	£30	ZMEA	
Single Examination B	£30	ZMEB
